2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Sonoma Mountain School is one of five schools in the Old Adobe Union School District. Sonoma Mountain School opened in the 1997-1998 school year. The mission statement was a collaborative effort, designed by staff, parents and students in 1997. It states that all stakeholders in Sonoma Mountain School shall work in partnership to create a learning environment where the joy of discovery and learning may be attained through active, child-centered learning, while building on the strengths and uniqueness of each child. All partners will help provide a safe, caring, and respectful environment for every student to meet the challenges of individual and cultural diversity, as children play together and learn together. In alignment with state and district guidelines we work toward achieving our goal of helping all children reach their full potential and to become productive members of society by fostering a family atmosphere, encouraging integration across grade levels, and creating a connection among students, teachers, and parents. A hands-on pathway to knowledge will be implemented, while teaching responsibility, cooperation, and respect for others. Students obtain skills in social participation, critical thinking and basic study skills.

With the expertise of very talented teachers, we meet our goals to teach writing daily, using programs called Write Tools and Writing by Design; teach reading and language arts daily, making sure students meet benchmark proficiency several times a year; improve our math skills, both conceptual and computational; teach social studies and science with state-adopted texts. In addition to academic subjects our students are taught music and art weekly at each grade level with the help of several talented music and art teachers and an art program called Arts Attack. Our students participate weekly in learning 21st Century Skills in-class with devices such as iPads/ChromeBooks (1:1 in all grades, TK-6th). Because of the enormous support of our very active PTA, LCAP Advisory Council, and classified personnel, the teachers can excel at teaching the aforementioned subjects. These groups assist teachers either in the classroom or library, or fund supplies, our charter focus, and technology which all make the students more successful.

We assess student academic success with a variety of state or district assessments several times a year. To ensure that students are on track in their reading development we use the DIBELS and STAR Reading assessments. To ensure our students are writing at grade level, we administer a district writing assessment three times a year for three various text types. In order to measure math growth and proficiency, we administer the STAR Math assessment three times a year. We also administer two state-mandated tests yearly, the SBAC (grades three through six) and the ELPAC (given to English Language Learners).

Finally, our charter focus is exceptional. Art is integrated into all subject areas, and we host an Artist in Residence who teaches

2022-23 School Overview

our students about various mediums, styles, and artists. Our music teacher use the ORFF methodologies in instruction. Music fundamentals are a part of all music instruction in TK - 3rd grades, recorders and song flutes to students in grades 3-4, and instrumental band to our students in grades 5-6. In addition, our focus includes a movement/dance component featuring an Artist in Residence who creates a rich, cultural experience for our students.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

We have many ways for parents to participate in the life of our school. Parents' help is essential to keeping our school running smoothly and to help ensure our students' academic, social and emotional success. We have a very active PTA and LCAP Advisory Council. The PTA sponsors student and family activities and organizes fundraisers to support school programs. Our LCAP Advisory Council works with the administration to help make financial decisions for the school-based funding provided by the state. We also have a group of Room Parents who meet regularly together and also work with the classroom teachers to help with special classroom projects and trips. Relationships are established before the first day of school at our Meet the Teacher and Lemonade Parties. Each class opens its doors to students and parents - everybody prepares for a great school year. In addition, three SoMo University evenings are scheduled throughout the school year. SoMo U is for all of our parents and caregivers. Teachers and support staff offer informational sessions based on grade level learning scope, curriculum, and needs. Parents can select sessions to attend based on what more they want to know and understand to better help their child in the learning journey. Making a commitment to meet with their child's teacher at our twice yearly Parent-Teacher Conferences is another way to stay connected to the school. Parents are also welcome to attend many student performances and showcases of learning including Open House, Art and Music Festival, and field trips. Finally, we have parent helpers in many of the classrooms who help run centers or provide clerical support to teachers. There are always opportunities for involvement!

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.21	0.55	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Our school's safety vision is a place where learning can occur in a welcoming environment free of intimidation, violence, and fear. Sonoma Mountain Charter is dedicated to providing a safe environment for children so they can focus on learning and growing. We are committed to the safety and security of students, staff, and visitors within the school facilities. Professional development and collaborative partnerships are necessary to the success of the safety plan and emergency management efforts that include prevention, preparedness, response, and recovery procedures relevant to potential natural and human-caused crisis.

Our Comprehensive Safety Plan includes policies and expectations in the areas of Disaster Procedures, Safe Ingress and Egress, Child Abuse Reporting Procedures, Discrimination and Harassment Procedures, and School Climate. The Comprehensive Safety Plan is discussed with the Sonoma Mountain Leadership Team. The Plan was discussed and reviewed by our parent community at a PTA meeting on 10/2/19, and emergency procedures and parent roles are shared in weekly communications in throughout the school year. It is reviewed by staff members at our staff meetings. Officer Miller of the Petaluma Police Department reviewed the Plan on 10/21/19. The Old Adobe Union School District Board reviewed and approved the Plan on 10/24/19. No revisions or updates were made before the OAUSD reviewed the Plan on 2/21/20. The Plan has been reviewed and will be updated again in February 2022.

2021-22 Types of Services Funded

Sonoma Mountain offers a Response to Intervention program consisting of credentialed teachers and paraprofessionals who work with students in K - 6th grade who are not proficient in English Language Arts. Also, a paraprofessional works with English Language Learners to provide extra support through intensive reading skills and vocabulary instruction. We also provide a before and after school tutorial for students in fourth through sixth grades who need intervention in mathematics. Our music and art programs are supported by district and PTA funds. Physical Education is provided by a P.E. Technician, in addition to their classroom teachers' P.E. instruction. A school counselor is also on-site three days a week. We have a Computer Lab Technician who supports technology integration in the classroom and coordinates a Computer Lab.

Professional Development

Five full days per school year have been dedicated to professional development. In addition to the full staff development days, teachers are released from classrooms for several more full professional development days. After-school PD sessions are also conducted as needed.

The district focuses on professional development needs based upon data gathered using district-wide assessments including:
 STAR Reading and Math benchmarks in grades 1-6
 DIBELS NEXT benchmarks and progress monitoring in grades K-2
 Smarter Balanced Assessments in ELA and Math in grades 3-6
 ELPAC results from the Fall and Spring
 District writing samples based on three genres of writing - Narrative, Opinion/Argument, Informational

Teachers are supported through a network of district-level leadership positions including a Director of Curriculum and Instruction, and a District Curriculum Leadership Committee, as well as leadership teams at each site. Teachers meet weekly for collaboration and assessment of student data with their grade-level peers in PLC groups. Teachers also have after-school collaboration early-release days at least twice a month.
 Beginning teachers are supported in the North Coast School of Education Teacher Induction Program. Beginning teachers are provided with a district mentor in this 2-year support program.
